

Journal Entry Approval Matrix

Doc ID: SOP-JE-001 | Version: 1.0 | Effective: 2022-01-01 | Category: General Ledger

NOTE: This version is superseded by SOP-JE-002 effective 2024-06-01. It is retained for historical reference only. Do not apply these thresholds to current entries.

Purpose

This matrix defines who must approve a manual journal entry based on its dollar value.

Approval Thresholds

Journal Entry Amount (USD)	Required Approver
Up to 2,500	Staff Accountant (self)
2,501 to 10,000	Senior Accountant
Above 10,000	Property Controller

Documentation

Each manual journal entry must include a description, supporting backup, and the post month. Entries are posted only after the required approval is recorded.

Restrictions

Manual journal entries are not used to record routine revenue or vendor expense, which must flow through the AR and AP subledgers.
